

SHOWCASE of Aberdeen Proving Ground

and R&D Contract Opportunities

APG 2012: TRANSFORMING THE FUTURE

June 17-18, 2009

Harford Community College - Amoss Center

Save the Date!

**Showcase of APG Technology and R & D Contract Opportunities
Harford Community College's Amoss Center
June 17-18, 2009**

Learn how the changes at APG can impact your business through contracting and funding opportunities.

Aberdeen Proving Ground, world leader in protecting the warfighter, is experiencing its largest influx of technology and knowledge ever. This increase of capabilities means APG can offer businesses, governmental agencies, and academia new opportunities to collaborate and commercialize the technology for the marketplace.

Entrepreneurs in tech transfer and collaborative projects, independent and academic researchers, inventors, current and potential contractors with APG, economic and workforce development professionals, and science, technology and education officials will benefit from attending.
